

# Blue Fig Interiors Ltd

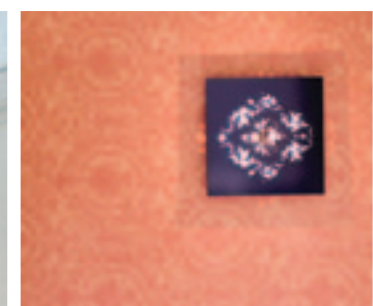

## Office Interior Design and Fit Out

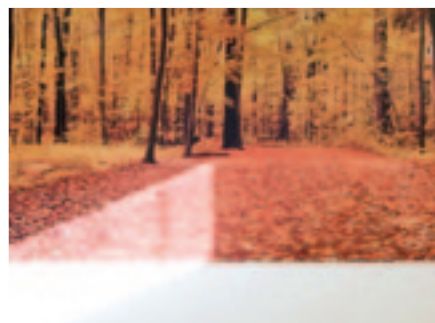

## Hello, we're Blue Fig

If you're considering an office relocation, refurbishment or are simply thinking about remodelling your current working environment we can help. We work closely with you to create a space that meets the needs of your business and the people who work there. If you're looking for a company who really value you as a client then, you've found us.

## At Blue Fig our clients receive a more attentive, user friendly and professional service than they would get from our competitors. How?

- We keep our project teams small so you deal with the same few individuals from the first meeting to handover
- We listen to your needs and design bespoke solutions that really work for you and your company
- We control the number of projects we are doing at any one time so you get the attention and service you deserve
- We Project Manage and co-ordinate the entire process so you can get on with your daily duties while being kept regularly updated
- 96% of our work has come as a result of a recommendation or is as repeat business
- We may not be the largest interiors company but to us that's a bonus - you get a more hands on personal service and we keep our overheads under control
- We're flexible so can offer a "turnkey" solution or work simply as your Designers, Project Managers or Contractors - whatever suits you

## Blue Fig services

- **Consultancy** - workplace and building feasibility studies, furniture and storage audits
- **Design** - concept design, space planning, measured surveys and 3D visualisation
- **Project Management** - from the first meeting to handover and beyond by the owner of the company
